! ! SAY FOLKS ! !

DO YOU BELIEVE IN FAIRY TALES? VERY WELL— READ THIS ONE

You are interested or you would not be reading this far so I am going to let you in on a real one. If you like it and believe it, you have my permission to put your friends wise, if you don't like it keep it to yourself and just let on you never heard it.

Two hundred thousand people will visit Glendale during one week in September, 1920, to be exact, the week of Sept. 20th to 26th, some people I'll say.

Why come to Glendale? Not because of any particular love for you or me, you can bet on that, but because of the natural beauty of a certain portion of Glendale. This city stands in the unique position of having the one place in all America as being the most ideal spot to stage the largest gathering of visitors ever gathered in any one city in the southwest in the space of one week.

We have been granted the extreme honor if you please of being host to the sixth annual convention of the National Tractor and Implement Dealers' Association of America, which will be held at Verdugo Woodlands from Sept. 20th to 26th.

The most interesting and attractive feature will be a still show of every known make of tractor in America, which exhibit will cover many acres.

This show will be in charge of Mr. Guy Hall, the most famous tractor show man in the world.

Listen to what this means to Glendale!

It will advertise Glendale in every newspaper in America and in every prominent magazine and publication that advertises tractors and farm implements of labor-saving character.

It puts us on the map for good.

It is estimated that one-quarter million people will visit this show, and that it will attract people from every large farming district on earth where labor-saving devices are appreciated.

It means that the $50,000 spent to advertise this show will also advertise Glendale.

It means that at least $5,000,000 will be brought in and left in Glendale and Los Angeles in one week, to say nothing of the money spent here for tractors and machinery.

It means that all roads in Southern California during September will be posted by the Auto Club of Southern California directing visitors to Glendale.

Some Show!

Of course, we are going to do our part to boost the game along, and not be pikers. The city will naturally be expected to light the grounds, furnish water, and police the grounds during the week.

We should also come across and show our good faith by adding our bit to the large advertising fund already set aside by the tractor and implement dealers of Southern California.

Now this sounds like a real opportunity to amount to something in the world, doesn't it?

Read it over again now and get the vision.

Watch for further developments.

TEACHERS ENTERTAINED

Miss Annie L. McIntyre of 718 West Harvard street, on Wednesday entertained teachers of the Central Avenue School, of which she is principal. The ladies brought their needlework and after a pleasant social afternoon light refreshments were served. Those present were Mrs. Harwood, Mrs. Rucker (who will teach in Santa Barbara next year), Miss Edwards, Miss Livsey and Mrs. Miner.

BUSINESS CHANGE

J. L. Whaley, who recently started to Buenos Aires, Argentine Republic, South America, to accept a 5-year position, left his Service Garage & Ignition Works at 217 East Broadway with his father, to sell. A sale has just been consummated to M. A. Loose, who recently arrived from Pittsburg, Pa., and F. J. Newcomb, of Los Angeles, who will take charge at once. Both are young men, with families, and expect to buy homes and settle down in Glendale. W. S. Rattray, the well-known real estate dealer of the city, who negotiated the sale, speaks in high terms of both the young men and says he is commissioned to buy a home at once for Mr. Loose.

SUPERINTENDENT WHITE REPORTS RESIGNATIONS AND NEW APPOITTMENTS

When asked about changes in City Schools, Superintendent R. D. White stated that the Grammar School Board of Trustees had decided that the growth of the schools has been such that they require his entire time as Superintendent. He is therefore giving up his work as principal of the Intermediate. Miss Noble, who has been vice-principal, and who thoroughly understands the duties and conditions, has been made principal and Miss Clara Midcalf the vice-principal. The Board felt that Miss Midcalf's sympathetic relations and popularity with the girls peculiarly fitted her for the position she will be expected to fill as supervisor of girls.

Mr. Hockett who has been connected with the Physical Training Department at the Intermediate has resigned to take up work at the University at Berkeley. He will be greatly missed, Mr. White says, as he was popular and efficient.

Mr. Price has resigned from Intermediate staff to take a position with the Pasadena public schools.

Mrs. Rutherford, who has had charge of the ungraded room at the Broadway School, has also resigned to go to Pasadena.

Miss Jeannette Dale, kindergarten teacher at Doran street, has resign-

TRUSTEES' MEETING

CITY ATTORNEY TO PROTEST RAISE IN P. E. FARES BEFORE R. R. COMMISSION

The Board assembled at eight o'clock p. m., June 24, 1920. Present Trustees Bartlett, Henry, Robinson, Stephenson. In the absence of the Chairman, Hartley Shaw, Trustee Stephenson was elected Chairman pro tem.

Communication was read from the Library Board, recommending Mrs. Genevieve Goss as a member of the Board of Trustees of the Public Library. The communication was filed.

A communication was presented from State Senator Evans, of Riverside, Assemblyman Kline, of San Jacinto, and T. J. Flaherty, Chairman of the Board of Supervisors of Riverside county, calling attention to the fact that the state has made an appropriation of $30,000 as an initial payment on a Farm School for Southern California. The communication gave a history of the movement to secure this institution, and stated that 300 acres for this purpose has been secured at Riverside. In conclusion, the communication stated that the purpose of the letter was to solicit the support and approval of citizens generally in the further development of the institution.

Communication was received and read from Association of Pacific Coast Fire Chiefs, calling attention to the annual convention of the association to be held in Los Angeles September 13th next; requesting that the city be represented at that meeting.

Written application was presented and read from the Glendale Hospital and Sanitarium, requesting that a permit be granted to operate a sanitarium and hospital in the new buildings to be erected on the present site of the institution. C. E. Kimlin, Manager of the Sanitarium, addressed the Board, requesting that immediate action be taken, as it is desired to commence at once work on the contemplated improvements. C. W. Ingledue addressed the Board, objecting to the location of the proposed hospital unit on the corner of Jackson street and Wilson avenue on the grounds that it would work a material injury to his property immediately opposite. Trustee Henry made a motion, which was seconded by Trustee Bartlett, that the permit be granted. Roll call resulted as follows:

Ayes: Bartlett, Henry, Stephenson.

Noes: Robinson.

Absent: Shaw.

The City Clerk presented the Bond of the City Marshal, approved by the City Attorney, and on motion the same was approved by the Board.

Demands were presented and referred to the Finance Committee and later reported back approved, and on motion of Trustee Bartlett, warrants were ordered to be issued in payment of the same.

The Engineer of the Public Service Department reported that the work of drilling a new well on the company's lot on San Fernando Road is almost completed, and that it is advisable that the well be tested by pumping with compressed air, the work to be done in accordance with specifications previously presented and on file. On motion of Trustee Henry, the recommendation was approved and the Clerk was instructed to advertise for bids for the work, to be opened at eight o'clock p. m., July the 8th, 1920.

The Engineer of the Public Service Department also reported on plans for building and equipping a derrick and well-house, installing therein pump and motor, and making certain necessary connections; and on motion of Trustee Henry the Clerk was instructed to advertise for bids in accordance with specifications previously filed for such work and equipment, to be opened at 8 o'clock p. m., July 8, 1920.

The Engineer of the Public Service Department also submitted an estimate showing the entire cost of equipping the pumping plant on San Fernando Road, including the cost of machinery already ordered but not included in the previous estimate, as being $11,300.00. He also submitted a report showing that for the various improvements contemplated of the water system, the amount set aside by the Board from the Bond Fund is $59,661.90. The work for which estimates have been submitted but money not yet appropriated is $27,200; making a total for the estimates submitted of $86,-861.90. In addition to these amounts, reservoir sites have been recommended, the total cost of which cannot be known at the present time.

On motion of Trustee Henry, it was ordered that appropriations be made from the Bond Fund, in accordance with the recommendation of the Engineer of the Public Service Department just submitted.

The Engineer of the Public Servl ice Department also stated that it is very desirable that work be started on the new reservoir during the present system, if practicable, and that certain contractors are willing to accept bonds in payment for the same. Action on this matter was deferred for one week.

The City Manager recommended the appointment of Wallace H. Strehlein and Fred H. Strehlein as Deputy Marshals for the City of Glendale, and on motion of Trustee Henry, the recommendations were

THREE FACTIONS AT CONVENTION

PRESIDENTIAL CANDIDATE SAYS THEY WILL BE LED BY BRYAN, MURPHY AND ADMININSTRATION GROUP

(Special Service to Glendale Evening News)

SAN FRANCISCO, June 25.—A prominent candidate for the Democratic presidential nomination today declared that when the convention opens three factions, each one amounting to a distinct political party, will be fighting for control.

Bryan, he said, will lead one faction; Charles F. Murphy, Tammany chief, will lead a second, and a third will be the administration group.

He predicted that the first alignment of these factions will come between the Bryan and Murphy factions over the insertion of a platform plank covering minor reservations to the league of nations.

He predicted next that Bryan and the dry element in the administration group will unite against Murphy to fight any wet plank in the platform. He believed that the "drys" would then be content to let the platform stand without mentioning the liquor question.

Going further he said that it might come to pass that Bryan and the administration forces would align themselves against Murphy for the selection of the presidential nominee.

He declared that in the convention Bryan would exert a greater influence than Murphy.

G. U. H. GRADUATES

BIG AUDIENCE ENJOYS COMMENCEMENT PROGRAM OF CLASS OF 1920

Like a "rosebud garden of girls" was the stage at the Palace Grand Theater Thursday evening after the class of 1920 of Glendale Union High School had made its impressive entry to the strains of the processional march played by the school orchestra. There were, of course, sturdy young men who were as warmly applauded as their feminine school fellows when they received their diplomas at the hands of the president of the High School Board of Trustees, Mrs. Blanche A. Gardiner, but, as usual, the eye was caught by the fluffy white gowns and the corsage bouquets which furnished a gay note of color in the ensemble. It was a class viewed with satisfaction by the big audience which filled every nook and corner of the theater and in which Principal George U. Moyse had every reason to feel the pride he expressed when he officially presented it to the Board of Trustees as represented by Mrs. Gardiner.

Important factors in the excellent program were Mrs. Gibson and members of the Music Department, whose numbers approached the quality of professional work and won the approving respect as well as the tremendous applause of the attentive throng. Mrs. Gibson and her orchestra worked under trying conditions because the orchestral pit would not hold all of her players, but the audience knew nothing of that and was satisfied to be so well entertained.

The soloists and their accompanists were all members of the graduating class and the Music Department must feel their loss keenly. Dr. Julius Soper offered the invocation.

The address of the evening was made by Hon. Stanley B. Wilson, member of the State Board of Education, whose theme was "The New Daybreak." He declared that the world war had been worth to Europe all that it had cost in the new day that is coming to her, and that we of today "are living in the most interesting, inspiring and determining drama yet played on any stage of the world. Alas for you, if you remain cold and indifferent because you do not understand the language of the drama that is being played," he exclaimed.

"If America holds the future, what are the motives which should actuate this graduating class and all who call themselves Americans? First, there should be an intense appreciation of American opportunities. Opportunity is God's final effort in behalf of the human race. What is Americanism? The answer is—'opportunity.' What is democracy? Opportunity, a government whose meaning is opportunity. It is not a political or social or economic slave driver to reduce mankind to a common level. It is a remover of every incumbrance which would prevent the enjoyment of equal opportunity. If you want the secret of Abraham Lincoln's ascendency you will find it in that he never lost a single opportunity to obey the dying instructions of his mother to "be somebody." We cannot all be millionaires, thank God for that! (Amen! from a voice in the audience). We cannot even all be Presidents of the United States, and I sometimes feel like saying 'Thank God for that!' (Laughter and applause). There are a lot of silly people who haven't caught the spirit of American democracy who would divide people into grades and classes. There are two classes I would like to see exterminated, the 'reds' and the snobs. Neither has any appreciation of opportunity. (Applause).

"I want to see enthusiasm for the American schools. H. G. Wells has said: 'Give me the schools of the world and I will make a millennium in half a century.' Our forefathers built a college almost before they had roofs over their heads. The structure of our form of government rests upon the quality of our citizenship. One of our writers has said: 'Our public schools are the jack screws under the sills of the Republic by which all of the people are being slowly lifted up.'

"There should be a dominant desire for efficiency. I believe there never was a time when this lesson was so much needed as now. Elbert Hubbard used to say: 'The greatest tax is not the tariff, war, strong drink, or organized superstition, but it is the tax placed by inefficiency upon efficiency."

EASTERN TRIP

DAN KELTY ON WAY TO NEW HAVEN, CONN., TO ATTEND BIG CONVENTION

Dan Kelty, Jr., of the firm of Cornwell & Kelty, hardware dealers, is having the time of his life this month of June. On the 2d he started to New Haven, Conn., to attend the first annual convention of the National Association of Winchester Clubs to be held in Woolsey Hall of Yale University, June 28th, 29th, 30th and July 1st. As Dan had not been back East in 14 years he proposed to make this a pleasure as well as business trip, so started in ample time to make several stops along the way—at Chicago, where he attended to some business matters and viewed the city; Pittsburg, Pa., the old home, where he visited a brother; Philadelphia and New York. He is now in the latter city and will go thence to New Haven on the "Highlander," a large steamer chartered for the occasion, with many other delegates to the convention, on Sunday, the 27th. Entertainment is to be provided for all in New Haven. A special women's committee will look after lady members of the party. For entertainment there will be moonlight rides, a clam bake, field sports, shooting exhibitions, a theater party and a grand banquet on the last night of the convention.

This gathering will be something new in the convention line, marking a new era in the hardware and sporting goods field. There will be tours through the manufacturing plant and class room talks after the convention sessions. The dealers will be shown how the goods they sell are made. Merchandising problems will be brought up and solved and every effort put forth to aid the dealer in meeting the questions that come up every day for solution. As there are 3000 dealers handling this firm's goods in the country and 2000 of them are expected to attend the convention, many of them accompanied by their families, a very large attendance is expected.

VAN OSDOLL-FERRILL

FORMER GLENDALE BOY WINS BRIDE IN CITY OF EXETER

Mrs. Wm. Van Osdoll, her son, Ervin, and daughter, Mrs. Merrill Burke, recently returned from Exeter, where they had been to attend the marriage of the son and brother, Bert, to Miss Virginia, only daughter of Mr. and Mrs. Samuel H. Ferrill, wealthy ranchers. Ervin was best man at the wedding and Miss Laura Montgomery bridesmaid. The Ferrill ranch home, where the wedding was held, was beautifully decorated with Shasta daisies and pepper boughs. The ring ceremony was used by the officiating minister, Rev. Frederick Cromer of the Presbyterian Church. A reception to the more than 70 guests at the wedding followed, at which ice cream and cake were served.

The young couple, after a two weeks' honeymoon trip, part of which has been spent in Glendale with relatives, will go to housekeeping in their newly furnished bungalow in Exeter.

The groom has lived in Exeter for 12 years and most of the time has been engaged in the transportation business. At present he is a trusted employe of the Rowland Warehouse Company of Exeter. He was a member of the famous 91st Division in the World War and rose to the rank of sergeant. He was twice wounded in the Argonne Forest battles and was cited for bravery with recommendation for the Croix de Guerre, but he refused it, saying that others were more entitled to it than he.

The bride is the only daughter of Mr. and Mrs. Samuel H. Ferrill and was born on the ranch which has been the home of her parents for more than 30 years. She graduated from the Exeter grammar and high schools, also from a Fresno business college and was employed in an attorney's office and later in the First National Bank of her home city. She has been known as one of the most popular members of Exeter's younger set.

The many Glendale friends of the Van Osdoll family join in congratulations to the young couple.

W. G. Boyd today took out permits for the erection of five more 4-room bungalows for the Glendale Construction Co. at Maryland and Wilson avenues, thus completing the bungalow court in process of erection. Each permit called for an outlay of $3000.

A MONKEY AND DOG TIME

The A. H. Barnes family of 1216 East Lexington Drive have been keeping a pet monkey for some friends and it is no slight job. Twice of late has the active little simian made his escape, but has not wandered far away. The last time it wandered into a yard on East Wilson avenue and was attacked by an English bull terrier. The growls of the dog and the shrill cries of the monkey brought the lady of the house to the scene and she was surprised to see the little monkey on the back of the big dog, scratching and biting him viciously as he ran howling, vainly endeavoring to escape from the tormentor. At last the monkey sprang into a tree and escaped. He was finally located at 1146 Stanley avenue and taken home by the Barneses.

"WHO IS WHO PARTY"

Mrs. E. A. Radcliff and Mrs. Holmes of 426 Pioneer Drive recently entertained with a "Who Is Who Party" about twenty-five of their friends and neighbors. As soon as it was understood there were to be no introductions, all entered into the spirit of the game which proved most interesting and diverting. Each guest had been requested to bring a photograph of herself taken when she was considerably younger, and prizes were bestowed upon those who guessed the largest and the fewest number. Mrs. Chism of Huntington Park received the first prize. The booby prize, which the hostesses had encouraged contestants to work for because it was a great time and step saver, proved to be a whistle.

There was much pleasant conversation and discussion of the uppermost topics of the time and all the guests enjoyed their afternoon. The national colors dominated the floral decorations and pansies were also used. Refreshments of ice cream, cake and coffee were served and photographs of the company were taken before the guests dispersed.

The Best Investment

MANY successful business men feel that the best investment they can make just now is in building. Glendale's building program the past year has been on an enormous scale. Over three hundred homes alone were built to say nothing of many business and public buildings. Many more are not yet completed and others are in prospect. Near-by cities are taking a lesson from last winter's dearth of buildings and the great demand that still exists and are already making plans for the visitors and new residents who will pour into Southern California this fall and winter.

If Glendale is going to be consistent in her growth her building program cannot be diminished one iota.

Men of business foresight are seeing conditions as they are and will be and are realizing that money spent in building is well invested.

GOES TO SALT LAKE

MISS CLARA MIDCALF TO BE DELEGATE OF CITY TEACHERS' CLUB AT N. E. A.

Miss Clara Midcalf, who has just been elected vice-principal of the Intermediate School and who has also been re-elected president of the City Teachers' Club, was very pleasantly surprised a few days ago when informed that she had been elected the delegate of the club to attend the N. E. A. Convention, to be held in Salt Lake City next week, and that all her expenses would be paid by the club. On returning to Southern California she will spend the summer with her brother, Holman Midcalf, and her sister, Miss Alice Midcalf, at Ocean Park.

CHANGES IN GLENDALE HIGH

According to news gathered at the High School there will be several changes in the faculty next year. Miss Florence Loomis will devote 1921, she says, to post-graduate work at Yale, Miss Eggert goes to Columbia for the same purpose. Miss Helen Kalliwoda has accepted a flattering offer from another school. Elmer C. Richardson and Frederick H. Beach, who have been in the Manual Training Department, are leaving to take up another line of work. Miss Martha Brown and Miss Bessie Jones will go with Prof. Harry Howe to the High School at Coachella.

GOING TO SUMMER SCHOOL

Miss Helen Darsie, Mrs. Dora Gibson, W. D. Root and probably others of the faculty of Glendale High, will take summer courses at the University of Southern California, attending some musical classes and also taking courses in European History and Literature. Dr. Shapiro of Princeton is to be one of the lecturers in the history course and Dr. Spaeth of the New York College a lecturer on subjects connected with English Literature in which Mrs. Gibson is interested. Her son, James Gibson, will also be attending the University as he is just finishing his first year of a pre-medical course; for he has elected to follow in the footsteps of his father, who was a physician.

At the home of Mr. and Mrs. E. E. Harwood on Cypress Ave. was staged a pretty little party Tuesday evening in celebration of the first birthday of baby Palmer Harwood. He was the recipient of several very nice gifts and his birthday cake instead of being one large affair to be divided with a knife, was in the form of individual cakes each guest receiving one bearing a lighted candle.

Mr. and Mrs. Vernon O. Clark of Phoenix, Arizona, who have been stopping at Hotel Clark in Los Angeles for the past week, were dinner guests of Mr. and Mrs. R. S. Health Is Possible!

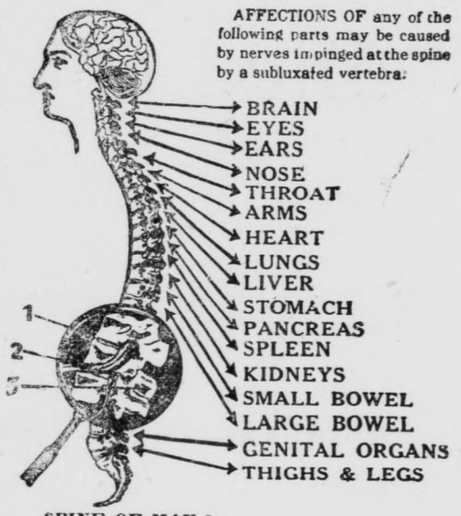
Chi-ro-prac-tic takes off the brakes. Nerve pressure prevents the flow of vital force. Chiropractic takes away the cause—Nature then produces the desired effect. Whenever vital organs work badly or you have so-called trouble with your heart, lungs, bronchial tubes, stomach, liver, kidneys, intestines, bladder, uterus, etc., Chiropractic has shown that the spine or back-bone is almost invariably at fault. The proof lies in the thousands of cases successfully handled by Chiropractic.



SPINE OF MAN

The quickest and safest way to overcome so-called internal bodily disturbances of any kind is by Chiropractic spinal adjustment to the particular joints of the backbone, which by their displaced conditions interfere with the passage of the Creator's vital force through the nerves to the particular organ concerned.

DEATH OF SHERIDAN G. BERKEBILE

Sheridan G. Berkebile died at his home, 621 N. Louise, last night after an illness of but two days, though his health had been considered precarious for some time. He and his wife came to Glendale from Santa Barbara and bought a beautiful home, in order to be near Mrs. Berkebile's son, Marion Antone Stumpf, who was then living in Los Angeles. Mr. Berkebile engaged in the real estate business in order to be out in the open as much as possible and sold many pieces of property in the city. A few weeks ago Mr. Stumpf and his wife moved out to Glendale and the former went into the business with Mr. Berkebile. Funeral services will be held tomorrow at 2 o'clock p. m. at the Jewel City Undertaking Co.'s parlors, with interment in Forest Lawn. Deceased had made many warm friends in Glendale. He leaves, besides the wife and son, a brother, Thomas, who is a lawyer of Los Angeles, a sister, Mrs. Effie Vaughn, of Los Angeles, and the aged father. He was 41 years of age.

Miss Cora Bracewell moved this week into the fine residence property at 407 North Kenwood which she recently bought through James W. Pearson's real estate agency of R. Colao and wife. Miss Bracewell moved to Alhambra from Glendale three years ago but when she sold her home there a few days ago she decided to return to Glendale to live so at once set about buying a home here.

Mrs. F. J. Wheeler of 1330 N. Maryland Ave. is entertaining Mr. and Mrs. James Fennell of San Francisco, who were recently married and are now on their honeymoon.

Miss Janette Dale, one of the Grammar School teachers, was married Wednesday evening to Brorson Sneve, a young business man of Seattle, Wash. They departed immediately after the ceremony on a two weeks' honeymoon trip, going to San Diego first. They will go from there to Seattle to make their home.

Robert Clark, wife and little daughter arrived Wednesday from Louisville, Ky., to occupy the new home at 217 West Lomita avenue, which was recently purchased for them by Frank Huesman of East Windsor Road, Mrs. Clark's father. They are delighted with their purchase and with the appearance of Glendale.

Mr. and Mrs. A. B. Coons of 325 North Orange street, who have been looking for a permanent home for some time, have just purchased property owned by Paul Kugler on North Orange between California and Wilson. They will have possession as soon as the Kuglers move out which will be some time in July. Mr. and Mrs. Coons wished to be in that neighborhood and are glad to have found a house which suits them so well.

Mrs. Homer Lockwood and the two children, Homer and Vera, go to San Francisco tonight to stay until September, when they expect to return to Glendale to live. Mr. Lockwood is establishing an agency in the bay city for the University Company of which he is western manager and cannot leave till all is in working order. The Lockwoods have been living at 219 West Lomita, in a beautiful bungalow they had built for them this year and which they recently sold.

Mrs. A. L. Burson of 521 South Louise street has been made happy by the arrival of her aunt and uncle, Mr. and Mrs. John McCullough of Colorado Springs, Colorado, and Mrs. Tupper, sister of Mrs. McCullough. It is the first time that Mr. McCullough has visited Southern California. They are much delighted with Glendale and will spend the summer here. They have a son living in San Pedro. There is a possibility they may conclude to locate permanently.

TRUSTEES' MEETING

(Continued from Page 1)

adopted and the appointments made.

The City Manager presented journal vouchers Nos. 695 and 740 for $2.95 and $2.70 respectively, and recommended that the same be canceled.

On motion, the recommendation was adopted and cancellation ordered.

The City Manager recommended that authority be given by the Board to continue drilling the new well to an additional one hundred feet. On motion of Trustee Robinson, the recommendation was adopted, and it was so ordered.

The City Manager stated that in the event of the improvement of Sycamore Canyon Road it will be necessary that certain water pipe be first laid, as already provided for in specifications approved by the Board, and on motion of Trustee Henry the City Clerk was instructed to advertise for pipe for main line on Sycamore Canyon Road, as per plans previously adopted.

The City Manager also recommended the purchase by the city of a Killifer Road Disc Machine, at a probable cost of $900.00. On motion of Trustee Henry, the City Clerk was instructed to advertise for bids for a road disc in accordance with the recommendation of the City Manager, to be opened at eight o'clock p. m., July 8, 1920.

The City Attorney reported that the Pacific Electric Railway Company has filed with the State Railroad Commission an application for permission to a general increase of rates; that in this application it is proposed that an increase of ten cents be added to the present price of a round trip ticket between Glendale and Los Angeles. On motion of Trustee Henry, the City Attorney was instructed to enter appearance for the City before the Railroad Commission and protest against the raise of rates as proposed.

The City Attorney made a report in regard to telephone rates, stating that while the Railroad Commission had refused at the time to accept the Burleson rates, the action of the Postmaster General in making the increase has been sustained by the Supreme Court, and the Railroad Commission has accepted the rates as so established. The City Attorney had, as previously reported, requested of the Commission that Glendale be given a special hearing on this subject and the same had been promised but as yet no date for the hearing had been fixed. In this connection he presented a copy of a letter which he had written to the Railroad Commission covering the subject, and on motion it was ordered that the letter be spread upon the minutes, with the statement of the fact that no reply to the same had been received.

The Chairman of the Board stated that the Finance Committee had as yet taken no action in regard to the bids referred to it at the previous regular meeting for supplying the city with two runabouts and a one-ton truck, but would report at the next meeting..

In regard to the complaint presented at the previous regular meeting by M. L. Tight and others in regard to the Glendale Livery Stable, the Public Welfare Committee, to whom the matter had been referred, had no report to offer.

The City Marshal stated that he had interviewed the proprietor of the stable and had been assured that the practices complained of had been permanently discontinued, and in the meantime he found sanitary conditions entirely satisfactory.

On motion of Trustee Bartlett, the ordinance previously presented at the last regular meeting of the Board of Trustees, calling an election for a Board of Freeholders to frame a charter, was adopted as Ordinance No. 387, "An Ordinance Calling a Special Election to Be Held in the City of Glendale on the 24th Day of August, 1920, for the Purpose of Electing a Board of Fifteen Freeholders to Frame a Proposed Charter for the Said City of Glendale, Establishing Election Precincts for the Holding of Said Special Election and Designating the Polling Places Therein."

Hens Like Hulled Barley

Costs Less Than Wheat.

IN these times of high wheat prices, experienced poultrymen are feeding hens hulled barley, instead of wheat.

After all, the lower priced barley contains nearly as much food value for hens as is furnished by wheat—more, in fact, in proportion to the cost. And that, of course, means greater profits.

The barley hulls, however, must be removed without grinding away the rich layers of protein on the outside of the barley kernels. For this reason, the Poultrymen's Co-operative Milling Association has installed the latest type of barley huller—the largest of its kind in Los Angeles. With this machine we can provide poultrymen with hulled barley in which all the elements are fully preserved, and hence which possesses great value as poultry feed.

Egg-Producing Hens Prefer P. C. A. Dry Mash

The Poultrymen's Co-operative Milling Association, in producing P. C. A. Dry Mash, offers the perfected poultry food—the natural food selection of over 20,000 hens. Leading poultrymen, after trying many feeds, have found the nutritive combinations of P. C. A. Dry Mash to be the choice of healthy *egg-producing* fowls.

G. U. H. GRADUATES

(Continued from Page 1)

Kenneth Wilde, president of the class, on behalf of his fellows, made an excellent and very evidently sincere speech of appreciation of the opportunities he and they had enjoyed at Glendale High and their debt to Mr. Moyse, Mr. Howe, and the staff of teachers under them. As an evidence of appreciation he presented to Mr. Moyse from the class a check to be added to the scholarship fund of Glendale High for the aid of struggling students.

Mr. Moyse accepted the gift in the spirit in which it was given and paid a warm tribute to the class as the largest and finest body of students it had ever been his pleasure to present to a Board of Trustees.

Mrs. Gardiner was then called to the platform and made a brief, fitting address to the class in which she said: "Members of the graduating class, tonight you are leaving the life of the school to enter the school of life. You have completed your four years of instruction with credit to yourselves and your teachers and I trust you will go on to college with the same spirit of enthusiasm you have shown in the past. My best wishes will be with you. May you prove yourselves worthy American citizens." (Applause).

With the aid of Principal Moyse and of Mr. Wilson, the diplomas were then distributed to members of the class whose names are given below.

Those not present missed a great treat in the vocal solo numbers by Marie Oliver and Helen Esterly, the violin trio by Forrest Jordan, Isaiah Sinclair and Faith Tarling, the lovely clarinet solo by Erwin Weaver, and the numbers of the Senior Girls' Glee Club. The full musical program follows:

How often you hear a woman criticized because she has neglected her personal appearance—because she has allowed herself to grow old while her husband remains young. Or maybe it is the husband who has become slovenly while the wife exerts herself to keep her tresses dark and becomingly coifed, her complexion clear and her face round and smooth and free from wrinkles.

U. S. MONEY TO BUILD CHINESE UNIVERSITY

(By United Press)

SHANGHAI. (By Mail.)—Grounds of the summer palace of a Manchu prince, just outside of Peking, are to be the site of a group of new buildings, constructed in the best style of temple architecture but with interiors of the most modern American type—the new home of Peking University, an American-British institution, if plans announced here today are successful. More than $3,600,000 is to be spent on the new plant.

Most of the money for the original outlay is expected to come from American sources but the Chinese are adopting a new attitude toward foreign educational standards and, according to Dr. J. L. Stuart, president of the University, it appears certain that sufficient funds will be raised in this country to establish and maintain the main vocational and other special chairs that are included in the program.

SOME CLOSE RACES

An Englishman, Scotchman and Irishman were indulging in reminiscences of sporting occasions.

"The closest race I ever saw was a yacht race," deposed the Englishman, "in which one of the boats that had been recently painted won by the breadth of the coat of paint."

"The closest race I ever saw," declared the Scotchman, "was one in which a horse, stung by a bee, won by the eighth of the swelling on his nose."

"The closest race I ever saw," said the Irishman, "is the Scotch."

HAVEN'T YOU OFTEN WONDERED?

Why a rubber plant makes such a hit with the woman it took you four years to win?

Why you can't tie a four-in-hand so it looks like anything but a used bath towel?

Why it is that a collar button you bust on Sunday is always the last one in the house?

Why it is that everybody seems to have his rent paid and money in the bank except yourself?

Why you will walk anywhere from four to nine miles around a billiard table when you're so tired that you'd holler like a loon if your wife asked you to go to the drug store and get a stamp?

Why it is that you'll sit here and read this fool stuff when you've got Shakespeare, Goldsmith, Kipling, and Arnold Bennett moldering on your book shelves?

THAT CONGRESSIONAL HUNCH

The pale-faced stranger looked out of the car window with exceeding interest. Finally he turned to his seat mate.

"You likely think I never rode in the cars before," he said, "but the fact is, pardner, I just got out of prison this mornin' and it does me good to look around. It is goin' to be mighty tough facin' my old-time friends. I s'pose, though you ain't got much idea how a man feels in a case like that."

"Perhaps I have a better idea of your feelings than you think," said the other gentleman, with a sad smile. "I am just getting home from Congress."

SHE KNEW HIM

Mr. Budger and his wife were continually at variance regarding their individual capabilities of making and keeping a good fire. He contended that she did not know how to make a fire, nor how to keep one after it was made. She, on the other hand, maintained that he never meddled with the fire that he didn't put it out—in short, that he was a perfect fire damper; and as he was always anxious to stir up things in the various fireplaces, she made a practice of hiding the poker just before it was time for him to come into the house. One night there was an alarm of fire in the village and Budger flew for his hat and coat.

"Where are you going, my dear?" asked his wife.

"Why, there's a fire, and I'm going to help put it out."

"Well, my love," responded Mrs. Budger, "I think the best thing you can do is to take the poker along with you."

AT THE SEASHORE

"Anyhow, Joshua," said Mrs. Cornfodder, "the Prince of Wales may not take tea with our Browning Club; but you and me is bathing in the same ocean as his Royal Highness. That vulgar Mrs. Sorghum has nothing on us."

"No," responded Joshua gloomily, "and after looking at her out there on the beach yesterday, she don't seem to have nothing much on herself."

ONE ERROR; NOBODY OUT

A man on first and third," said he,
"Here's where we work the squeeze,"
"Oh, Charlie, dear, not right out here,
It is so public, please."

EASY

A little girl timidly asked the drug clerk for a package of pink dye.

"What do you want it for?" responded the clerk. "Woolen or cotton goods?"

"Neither," said the child. "It's for ma's stomach. The doctor said she'd have to diet, and she wants it a pretty color."

DAISY CHAINS

PRETTY FEATURE OF PARTY BY MRS. C. W. HOUSTON FOR DAUGHTER DOROTHY

Mrs. C. W. Houston of 440 Myrtle street was hostess Wednesday evening at a party at which about forty friends of her daughter, Dorothy Marie Houston, most of them members of the class recently graduated from Intermediate, were entertained. An unusual and wonderfully beautiful floral setting was furnished by chains of Shasta daisies which festooned the ceiling and intensified the Oriental effect produced by Chinese lanterns which shaded the lights on the lower floor of the house.

Games and dancing occupied the evening and a few special solo numbers were given, Miss Margaret Brown executing a Chinese dance, and Misses Lois Naudain and Sara Chandler Russian dances.

The game program included conundrums on cards distributed among the players, the answers to the riddles being contained in tightly sealed walnut shells only to be opened when all other means of determining the solution failed. The Lincoln Penny game of twenty questions about that coin was a test of the young people's knowledge of our most common piece of money. There was also a nut guessing game which proved most entertaining. Punch was served throughout the evening and more elaborate refreshments at ten o'clock.

The hostess was assisted in enteraining her young guess by her sister-in-law, Mrs. Lock, of Manhattan, and her two daughters, Eleanor and Mary Frances Lock, both of whom are talented musicians.

A. H. DeGroff, past department commander of Wisconsin G. A. R., is in Glendale today attending a meeting of N. P. Banks Post. He formerly lived in Nelson, Wis., but now has his G. A. R. membership at San Jose, Calif. Coming down with his wife to visit their son, Arthur, in Los Angeles. They were so charmed with the beautiful Southland that they resolved to locate here, so began looking around in the vicinity of the big city for a place to buy. This is their second visit to Glendale and Mr. DeGroff says it pleases him and his wife better than any other place seen so they are now looking about with a view to buying.

Mr. and Mrs. Eustace B. Moore, Miss Annie McIntyre and Miss Livsey on Thursday evening were dinner guests of Mr. and Mrs. E. E. Harwood.

Mrs. Miner who had the misfortune to lose her pocketbook while on her way to the Parent-Teacher Federation picnic last Saturday, has had the good fortune to receive it back. It was picked up by a Los Angeles lady and returned to Mrs. Miner.

MISS HAWKES SUFFERS BROKEN ARM

Miss Ida E. Hawkes of 211 North Kenwood is carrying her right arm in a sling as a result of an accident which befell her a week ago. She was returning home from Highland Park and hurried to catch a Glendale car at 6th and Main. The car started before she could even attempt to board it but a man who rushed past her and swung on the steps of the moving car was jerked backward by a lurch of the train and evidently struck and knocked her down, breaking one bone of the wrist and dislocating the joint. She was picked up and taken to the P. E. station, where the company doctor attended to her injuries and she came on out home.

PRE-NUPTIAL FETE

MISS ETHEL LEWENSTEIN RECIPIENT OF SHOWER FROM CLOSE FRIENDS

Miss Ethel Lewenstein, whose home is at 205 West Lomita avenue, was guest of honor at a pretty afternoon affair and shower given by her chums in the Southern California Music Company, Misses Madeline Sullivan, Lois List and Adrienne Johnstone, 353 North Reno street, Los Angeles, Thursday.

A pink and white color scheme was carried out in floral decorations, refreshments and appointments. The clever device which the hostesses had provided to indicate the shower consisted of a "sprinkler" made of pink crepe paper from the spout of which fell a shower of pink ribbon attached to the gifts below. The presents were laid in the shape of a half moon and upon each was a pink carnation. They represented many beautiful and varied remembrances which it will be a joy to Miss Lewenstein to possess. In a quite informal way she announced her approaching marriage to Edwin Edgley, a Los Angeles civil enginner and ex-service man. After the gifts had been received and admired by the twenty ladies present, refreshments of ice cream and cake were enjoyed.

MRS. BURTON BEREAVED

Mrs. J. W. M. Burton early in the week received the sad news that her mother, who resides in Ashville, North Carolina, had suffered a stroke of paralysis. Since that time she has been advised of her mother's death. In her grief it is a comfort to remember the good visit she had with her mother when she went East in September and renewed acquaintance with relatives and old friends and the familiar scenes of her childhood and youth.
